

## RISK CONTROL

# PMA Organizational Safety Institute

*Virtual Learning at Its Best*

Learn virtually about emerging organizational safety best practices with the PMA Organizational Safety Institute (OSI). Our client-exclusive events offer a unique opportunity to acquire practical, current knowledge and solutions from some of the most knowledgeable risk control experts in the field—who have real-world experience solving complex risk management challenges.

### Convenient Live and On-Demand Learning

Attendees can choose between livesessions or self-paced learning via our on-demand library. We make learning as convenient as possible:

- Simply register online and invite colleagues in your organization with forwardable registration links
- Participate from your mobile device, laptop or via full screen in any conference room
- Live events are recorded, giving you on-demand access after the event

### Learn at Your Own Pace, According to Your Needs

Our learning events are different from traditional webinars. Our high-quality professional development events deliver real-time educational value that continues after the session is over:

- All live sessions include Q&A periods
- Most sessions offer additional resources
- You can contact session leaders after each event
- Clients can register for as many OSI events as they choose

### Engaging, Relevant Topics

- **Leadership, Safety & Risk Management:** Our best-practice information and insights can help you improve outcomes and maximize the organizational impact of your risk management initiatives
- **Compliance Pathways:** Addresses OSHA compliance challenges, with topics ranging from clear instruction on legal standards and protocols to effective strategies for safer workplaces
- **Emerging & Seasonal Issues:** Provides insights and solutions for relevant emerging issues and seasonal challenges
- **Industry-Focused Learning:** Tackles key industry-specific challenges and issues

### Transform Your Safety Culture

Safety knowledge must be integrated into your organizational culture by effective leaders to generate the greatest value. To help you accomplish this, we incorporate three essential elements into OSI events:

**Safety Knowledge:** Our well-researched topics—everything from slips, trips, and falls to human error in safety incidents—are taught by experienced instructors providing expertise, insights, and practical resources.

### Organizational Culture Expertise:

Looking to integrate values like safety and accountability into your organization's DNA? Our insights can help you advance your safety culture, issue by issue, and ensure every employee is putting safety first.

### Effective Safety Leadership Strategies:

Leadership essentials include vision and execution and emerging issues like transformational leadership principles. Our learning events, instructors and resources help you renew your leadership vision and bring it to life.
