

RISK CONTROL

Safety Management and Regulatory Compliance Services

Enhance your safety program with support and tools from PMA

Are you facing the challenge of protecting your employees and ensuring business continuity—while meeting rigorous compliance requirements? Look to PMA's Safety Management and Regulatory Compliance Services for an expert level of assistance.

Select the Levels and Types of Services

You'll work with a PMA Risk Control Professional to create a program that's right for you, whether it's one service or a more comprehensive approach.

Our Safety Management Support Options:

Safety Toolbox—Select from our resources, ranging from safety program templates to safety modules in over 45 focus areas, to help you meet and exceed regulatory standards. Additional resources include best practices for general safety policies, industry-specific materials, and safety recordkeeping guidance.

Advanced Assessment Tools—PMA's Organizational Safety Perception Survey and Safety Management Assessment go beyond traditional safety program evaluations. These expert tools, developed by PMA Risk Control Professionals, guide you to targeted solutions to improve efficiencies, lower your total cost of risk, and reduce worker incidents.

Safety Resources and Communication Solutions—We can help you fulfill your employee safety training and notification requirements:

- Convenient training tools, including online learning programs, employee-led "Safety Talks", and video program access
- Online and in-person educational sessions for your leadership team on critical safety topics
- OSHA 10- and 30-Hour courses

Onsite or virtual assistance from a PMA Risk Control team member to support your safety management needs.

Whether you're looking to achieve a best-practices level safety program
or just getting started, we meet you where you are.

For additional information, contact your local PMA Risk Control Professional or email us at
